

## My Letter to the Universe

Dear Universe,

Hi! My name is \_\_\_\_\_.

Today is \_\_\_\_\_ (day of the week) \_\_\_\_\_ (date).

I am \_\_\_\_\_ years old. I know I only get about a hundred or so years here on planet Earth. (give or take) But while I'm here, I would very much like to

\_\_\_\_\_.

That's not all. It is my dream to \_\_\_\_\_ and also

\_\_\_\_\_.

Do you think I can do that? One thing about planet Earth that makes me sad is

\_\_\_\_\_.

I hope to someday help change that. I want to help \_\_\_\_\_.

And I also want to help \_\_\_\_\_.

Universe, if I had one wish, I would wish \_\_\_\_\_.

I think higher education is so important Universe. So I'd like to study \_\_\_\_\_

at \_\_\_\_\_.

Philanthropy is important too. So I really want to spend some time being a part of this awesome organization called

\_\_\_\_\_.

I want to volunteer with them. I hope this doesn't seem too overwhelming. I believe I can accomplish it all. I know

you believe it too. Thanks so much for listening Universe. Guess I'd better get to

work.

Sincerely,

\_\_\_\_\_
